

Net Zero for Churt

Churt is committed to support the UK 2019 legislation to reduce greenhouse gas emissions by 100% relative to 1990 levels by 2050. The time for decisive action is NOW!

Checkout the Churt Environmental Charter and Net Zero for Churt action programme at <https://www.churt.org/our-environment>

Meet the members of Churt Environmental Working Group who are ready to guide and support your household actions in response to the climate emergency.

Watch this space after Christmas for 40 ideas for New Year Resolutions to help reduce your household's carbon footprint and to support increased biodiversity in the interests of sustainability plus economic, social and health benefits.
